Experience the Diversity

Welcome to the Andermatt Holiday Region. In order to make your stay an unforgettable experience, our tourism advisers would be delighted to assist you at the Tourist Info Andermatt.
We look forward to your visit or call:
Tel. +41 41 888 71 00

How to Get Here

Visitors arriving by car should exit the motorway in Göschenen and will reach Andermatt from there in ten minutes. Train passengers travel to Göschenen and then change to the Matterhorn Gotthard Railway. The narrow-gauge railway has immediate connections to the SBB timetable and the journey to Andermatt takes ten minutes.

Information about the Visitors Card

Overnight guests enjoy numerous discounts in the Andermatt Holiday Region. The visitors card is available from your accommodation provider or at the Tourist Info in Andermatt.

PARTICIPATE AND WIN

Peakhunter Huts Challenge

This fun competition in the Andermatt Holiday Region runs from June to October

The Andermatt Holiday Region boasts 15 mountain huts located within a compact area. If, as a hiker, you are more interested in your experience as a whole, and not just only on scaling the peak itself, then the Hut Challenge is just the ticket for you! And besides the fun and adventure of hiking in the fresh mountain air, there are also attractive prizes to be won!

Culture · Discovery region · Excursion

This magnificent mountain panorama is best admired during a comfortable horse-drawn carriage ride.

The well-preserved village centre is of national significance. Typical of Andermatt are these traditional wooden houses built on a brick substructure.

01

Furka Mountain Steam Railway

Experience nostalgia, technology and nature. The Furka Mountain Steam Railway provides a travel experience through magnificent mountain scenery. In approximately two hours, carefully restored nostalgia trains take you from Realp to Oberwald or vice versa (June to September).

04

Historical Post Stagecoach

As in bygone days, enjoy the unique pleasure of a trip on the legendary Gotthard horse-drawn stagecoach from Andermatt over the Gotthard Pass to Airolo (June to September).

ℹ Did you know that during the stagecoach era, which lasted from 1830 to 1882, between 60,000 and 80,000 people traveled across the Gotthard every year?

05

Alpine Passes

The Andermatt Holiday Region is located at the heart of eight Alpine passes. Whether you are traveling by car, motorbike, classic car, road bike, mountain bike or the Post Bus, you will enjoy a close-up encounter with these fascinating Alpine passes.

This 18-hole golf course is located in a spectacular natural setting between Andermatt and Hospental.

06

Sasso San Gottardo

A very special museum indeed. The historical Sasso da Pigna fortress is a testimony to Second World War artillery (June to October).

ℹ Did you know that the giant Planggenstock crystals can be viewed here?

Sasso San Gottardo SA, Tel. +41 91 869 15 57

07

Devil's Bridge and Suworow Monument

The legend has it that the devil built this bridge. In 1950, Heinrich Danioth actually painted the devil on the wall.

The Schöllenen circular trail affords a deep view into the gorge and is easy to walk on (duration approx. 30 minutes).

The Suworow monument is a reminder of the battle which took place at the Schöllenen Gorge on 25 September 1799. Russian troops under General Suworow fought against Napoleon's soldiers and defeated the French.

Trekking with the Bärti and Co. pack goats is a unique adventure.

The Ursern Valley Museum is dedicated to the history of the valley and its culture and is one of the valley's most beautiful patrician buildings.

The Diavolo fixed-rope route guarantees breathtaking views into the gorge and takes you from the Devil's Bridge up to the Tüfelstalbode.

The Ursern Valley is the largest valley in Uri and offers almost unlimited possibilities in the heart of the Alps.

The Antonini quarry in Wassen is a unique witness dating back to the time when the Gotthard railway was built.

08

Gotthard Tunnel Village Göschenen Circular Tour

This circular tour is devoted to the history of the longest railway tunnel built in the 19th century and to the development of Gotthard traffic. The tour comprises 14 different stations. There are free booklets available at Göschenen train station and at the village square, which provide information in German, Italian and English.

! Tip: The imitation of a blast in the focussing tunnel.

09

Arni

The Arni is a perfect starting point for hikes, biking and mountain touring. It takes a few minutes to reach the Arni by cable car from Amsteg or Intschi. Picturesque Lake Arni, surrounded by hiking trails and resting places, is an inviting place to linger awhile. You can buy food at the two restaurants and at the Alpine dairy.

! Tip: The chapel, well hidden in the little forest by the lake. A quiet place to rest awhile.

10

Göscheneralp

Enjoy unspoilt, wild and romantic nature with a view of majestic mountain peaks and glaciers. From Göschenen the road takes you through an idyllic valley up to the Göscheneralp. Enjoy a variety of experiences here: an audio trail dedicated to climate and nature, the turquoise lake and climbing.

ℹ Did you know that the Göscheneralp is home to Switzerland's mightiest spruce tree?

11

Meiental

The Meiental is a largely unspoilt, wild and romantic side valley in the upper Reuss Valley in canton Uri. No matter whether you are a hiker, a biker, a climber, a boulderer or are just looking for peace and quiet, this valley is the perfect place to leave your everyday cares behind. Politically, Meien is part of the municipality of Wassen. On the lookout platform at the famous «Chileli vo Wasse» you can view the tunnel and the unusual railway route.

! Tip: Wassen Alp descent: Each year in September, the herdsmen belonging to the Hinterfeld cooperative drive around 100 cows and many cattle down from the summer pastures on the Alp and into the valley.

12

Source of the Rhine, Lake Toma and Oberalp Pass Lighthouse

After you leave the Oberalp Pass, it takes about one and a half hours on foot to reach Lake Toma, 2,345 m above sea level and the birthplace of the Rhine.

ℹ Did you know that the quality of the lake water is such that it is good enough to be used as drinking water?

The lighthouse was placed on the Oberalp Pass to symbolise it being the source of the Rhine. It is a small replica of the lighthouse located in Rotterdam at the mouth of the Rhine.

ℹ Did you know that for a donation of at least CHF 100 you can become the owner of a lighthouse key?
